Baboo Gopal Hurry Mullick, Officiating District Superintendent of Police, Bankoora, is appointed to act until further orders, in the fourth grade of District Superintendents of Police, with effect from the 10th April last, *vice* Mr. J. T. Rivett-Carnac, on deputation.

Mr. H. A. Coombs, District Superintendent of Police, Pubna, acted in the first grade of District Superintendents of Police from the 19th May to the 10th June 1887, inclusive.

Mr. W. J. Kilby, District Superintendent of Police, Rungpore, acted in the second grade of District Superintendents of Police from the 19th May to the 10th June 1887, inclusive, *vice* Mr. H. A. Coombs.

Mr. C. A. Fisher, District Superintendent of Police, Mymensingh, acted in the third grade of District Superintendents of Police from the 19th May to the 10th June 1887, inclusive, *vice* Mr. W. J. Kilby.

Mr. E. St. George Kaye, on deputation, acted in the fourth grade of District Superintendents of Police from the 19th May to the 10th June 1887, inclusive, *vice* Mr. C. A. Fisher.

Mr. T. C. Orr, Officiating District Superintendent of Police, Chittagong, acted in the fourth grade of District Superintendents of Police from the 19th May to the 10th June 1887, inclusive, *vice* Mr. E. St. George Kaye, on deputation.

Mr. Orr will, however, act in the fifth grade of District Superintendents of Police from the 11th June 1887 until further orders.

ECCLESIASTICAL.—*The 7th July 1887.*—The Rev. F. R. Michell, Officiating Archdeacon of Calcutta and Chaplain of St. James' Church, Calcutta, is allowed leave for three months, under section 122, chapter IX of the Civil Leave Code, with effect from the 1st instant, or such subsequent date as he may avail himself of it.

The Rev. G. Billing is appointed to act as Chaplain of St. James' Church, Calcutta, during the absence, on leave, of the Rev. F. R. Michell, or until further orders.

MEDICAL.—*The 7th July 1887.*—Surgeon-Major W. Beatson, Civil Surgeon of Bhagulpore, is allowed leave for three months, under section 72 of the Civil Leave Code, with effect from the 16th instant.

The 9th July 1887.—Assistant Surgeon Norendra Nath Gupta, Deputy Sanitary Commissioner, Eastern Bengal Circle, is allowed privilege leave for a period of one month and twenty-four days, with effect from the date he may avail himself of it.

Assistant Surgeon Durga Das Rai, Deputy Superintendent of Vaccination, will act in the place of Assistant Surgeon Norendra Nath Gupta, in addition to his own duties.

The following orders are republished from the *Assam Gazette* :—

No. 64.—*The 29th June 1887.*—Leave of absence for one month, under section 134, chapter X of the Civil Leave Code, has been granted to Baboo Rabi Chandra Ganguli, First Munsif of Habiganj, in the district of Sylhet, with effect from the 6th July 1887, or from the date on which he may be relieved.

No. 65.—The Chief Commissioner is pleased to appoint Baboo Ravati Kanta Nag, B.A., at present acting as a Munsif of Sunamganj, in the district of Sylhet, to act as a Munsif in the same district, to be ordinarily stationed at Habiganj, in the place of Baboo Rabi Chandra Ganguli, who has obtained leave of absence.

CEYLON ISLAND
SOUTH EAST COAST.*Particulars of reported reefs between Little Bassas and Batticaloa*

The following information, relating to the coast and the dangers off it between Little Bassas rock on the south and Batticaloa harbour on the north, is republished from the notice issued by His Excellency Rear Admiral Sir F. W. Richards, K.C.B., the Commander-in-Chief of the East India station

The dangers reported off Komarie Point, and on which the steam-ships *Gratille* and *Macgregor* are said to have struck, do not exist in the positions assigned

A careful examination of the locality has been made by Captain Aldrich, and the officers of H. M. S. *Egeria*, and, as a result the coast should not be approached nearer than 20 fathoms in thick weather between Komarie and Batticaloa

The ridge shown on the present Admiralty sheet and in the neighbourhood of Komarie is about two miles north of its proper position, which latter is as follows:—

Its north extreme is in about latitude $7^{\circ} 2' 30''$ N and 1.1 mil. from the shore.

This south extreme is in about latitude $6^{\circ} 59'$ N and 0.8 mil. from the shore

It is narrow, and composed of sand and coral patches. On several of the latter there is as little as 2½ fathoms of water. The whole forms a dangerous reef

Outside it, and to a distance of four miles from the shore, the ground is very uneven, and a patch with 7 fathoms on it lies 3.7 miles from the nearest shore, and from it Agams Peak bears N. 69° W (true)

The effects of the winds and currents herabouts, as also on the edge of the Bank of Soundings, are seen in heavy overfalls and tide rips, which may be mistaken for shoal water, sometimes being met with even in the finest weather.

The closely approximate position of the Alphet shoal is in latitude $7^{\circ} 26'$ N, longitude $81^{\circ} 51' 30''$ E, coral, least water 3½ fathoms

Komarie Point is a rounded curve in the coast line, and cannot be distinguished as a point from the sea, unless very close in to the shore

The appearance of the coast changes at times very rapidly, and estimated distances were often found much in error during the survey

DECLARATION

The 5th July 1887.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the construction of the Chogdah Police section house, in the village of Hamidpore, pergunnah Raupour, thanna Chogdah, zillah Nuddea, it is hereby declared that for the above purpose a piece of land measuring, more or less, 7 cottas 14 chittacks of standard measurement, bounded on the north by the shop of Bhagowan Ghose; east by the Government road; south by the unoccupied land of Baboo Surendra Nath Pal Chowdhury; and west by the garden and tank of Grish Chundra Banerjee, is required within the aforesaid village of Hamidpore.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

J. WARE EDGAR,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th July 1887.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the manufacture, possession, and sale of explosives in the Lower Provinces of Bengal.

2. Nothing in the rules relating to the possession of explosives shall apply in any port, as defined in the Indian Ports Act, 1875, for which the local Government may have made, or may make, special rules under the Indian Explosives Act, 1884, to regulate the possession of explosives.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

**RULES UNDER THE EXPLOSIVES ACT, 1884, FOR THE MANUFACTURE
POSSESSION, AND SALE OF EXPLOSIVES IN THE LOWER
PROVINCES OF BENGAL.**

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely—

Class 1	Gunpowder.
" 2	Nitrate-mixture.
" 3	Nitro-compound.
" 4	Chlorate-mixture.
" 5	Fulminate.
" 6	Ammunition.
" 7	Firework.

When an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—*Gunpowder Class.*

The term "gunpowder" means exclusively gunpowder ordinarily so called.

CLASS 2.—*Nitrate-mixture Class.*

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,
Pudrolithe,
Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—*Nitro-compound Class*

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,	Dualine,
Dynamite,	Glyoxiline,
Lithofracteur,	Methylic-nitrate,

and any chemical compound or mechanically-mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound,

Division 2 comprises such explosives as—

Gun-cotton, ordinarily so called,	Cotton gunpowder,
Gun-paper,	Schultz's powder,
Xyloidine,	Nitro-mannite,
Gun-sawdust,	Picrates,
Nitrated gun-cotton,	Picric powder,

and any nitro-compound as before defined, which is not comprised in the first division.

CLASS 4.—*Chlorate-mixture Class.*

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Horsley's blasting powder, | Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Horsley's original blasting powder,	Reichen's blasting charges,
Erhardt's powder,	Tintomite,
Reverley's powder,	Chlorated gun-cotton,
Hechtadler's blasting charges,	

and any chlorate-mixture as before defined, which is not comprised in the first division

CLASS 5.—*Fulminate Class.*

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorous, or certain descriptions of phosphorous compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

CLASS 6.—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when, enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting, which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions.

Division 1 comprises exclusively—

Safety cartridges.
Safety fuzes for blasting.
Railway fog signals.
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small-arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War rockets,

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1, such as—

Detonators,
Cartridges for small-arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the ammunition by friction or percussion.

CLASS 7.—*Firework Class.*

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically-mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war-rocket), marion, star, lance, wheel, Chinese fire, Roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

MANUFACTURE, POSSESSION, AND SALE.

(a) *General Rules.*

2. An explosive shall not be manufactured except under and in accordance with the conditions of a licence to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

- (a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or
- (b) to the filling for private use, and not for sale, of any safety cartridges to the amount allowed by these rules to be possessed for private use.

3. If any person manufactures an explosive in contravention of rule 2, he shall be punished with fine which may extend to three thousand rupees.

4. An explosive shall not be possessed except under, and in accordance with, the conditions of a licence to possess the explosive granted under these rules:

Provided that this rule shall not apply—

- (1) to a person possessing for his private use and not for sale—
- (2) gunpowder to an amount not exceeding on the same premises 30lbs., or in lieu of the said quantity of gunpowder 15lb. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive; or
- (b) gunpowder contained in safety cartridges to an amount not exceeding 150lbs., or in lieu thereof 150lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorise the possession for private use—

- (a) of any explosive of the 5th (fulminate) class; or
- (b) of any explosive whereof the possession has been prohibited absolutely by notification under section 6 of the Act; or
- (c) where the possession of an explosive has by notification under that section been prohibited subject to conditions of any such explosive, except subject to those conditions.
- (2) to the possession of an unlimited quantity of fireworks, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precautions for the public safety
- (3) to the possession of any explosive by a person licensed to manufacture the explosive;
- (4) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with the provisions of the rules made under the Act with respect to the transport of such explosive; or
- (5) to the possession of any gunpowder, rockets or other explosive on board any ship in pursuance of the provisions of the Merchant Shipping Acts, or any order or regulation under those Acts.

5. If any person possesses an explosive in contravention of rule 4, he shall be punished with fine which may extend to one thousand rupees.

6. An explosive shall not be sold except under, and in accordance with, the conditions of a license to sell the explosive granted under these rules:

Provided that this rule shall not apply to any person selling any explosive which for his own private use he lawfully possesses to any person who is not legally prohibited from possessing the same.

7. If any person sells an explosive in contravention of rule 6, he shall be punished with fine which may extend to five hundred rupees.

(b) Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.

8. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class, or of the 1st division of the 6th (ammunition) class, or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200lbs. of gunpowder, 500lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

9. The following fees shall be paid for every license granted under the last foregoing rule, namely—

- (1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (2) a fee of ten rupees for every license to manufacture, possess, and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity; and
- (7) a fee of eight annas for every license to possess explosive.

10. Every license granted under rule 8 shall be in Form A, B, or C in the schedule hereto annexed, as the case may be, and shall be subject to the conditions prescribed therein.

11. If any person commits a breach of any condition subject to which a license under rule 8 is granted, he shall be punished with fine which may extend to five hundred rupees.

(c) Licensing of the manufacture of other explosives.

12. Licenses to manufacture explosives other than those referred to in rule 8 shall be granted by the Governor-General in Council on payment of such fees, in such form, for such term, and subject to such conditions, as the Governor-General in Council may in each case prescribe: provided that the Governor-General in Council shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

13. If any person commits a breach of any condition subject to which a license under rule 12 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of other explosives.

14. Licenses for the possession, at such places as shall be approved by the licensing officer, of explosives other than those specified in rule 8 shall, if the explosive is not one of the 5th (fulminate) class, and if the quantity to be possessed at the same time does not exceed 60lbs., be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

15. Every license granted under rule 14 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

16. If any person commits a breach of any condition subject to which a license under rule 14 is granted, he shall be punished with fine which may extend to one thousand rupees.

(c) *Licensing of the possession of explosives generally.*

17. Licenses for the possession of explosives other than those which may be issued under rules 8 and 14 shall, if the explosive is not one of the 5th (fulminate) class, be granted by the Local Government in accordance with the following procedure:—

(1) The applicant shall submit to the District Magistrate, or, in a presidency town and its suburbs, to the Commissioner of Police, an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable namely—

- (a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear, and the buildings and works from which it is to be kept clear, or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;
 - (b) the situation, character, and construction of all the mounds, buildings, and works on or connected with the magazine, and the distances thereof from each other;
 - (c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and
 - (d) any especial terms which the applicant may propose by reason of any special circumstances arising from the locality, the situation or construction of any buildings or works, or the nature of any process or otherwise.
- (3) Upon receipt of the said application—
- (a) The District Magistrate or Commissioner of Police, as the case may be, shall thereupon cause notice to be published of the application, and fix a date on which any persons shall be heard objecting to the establishment of a magazine on the proposed site who have not less than seven clear days before the day of hearing sent to the said District Magistrate or Commissioner of Police, and to the applicant, notice of their intention to appear and object with their name, address, and calling, and a short statement of the grounds of their objection.
 - (b) Where the site of the proposed magazine is situate within, or within one mile of, the limits of the jurisdiction of any municipality or of any Port authority, the applicant shall serve on such authority notice of the application, and of the date of hearing by the District Magistrate or Commissioner of Police.
 - (c) The said notices shall be published and served at the cost of the applicant by the District Magistrate or Commissioner of Police not less than one month before the date of hearing.
 - (d) The District Magistrate or Commissioner of Police shall fix the date of hearing as soon as practicable after application is made to him, and the time so fixed shall be as soon as practicable after the expiration of the said month from the publication and service of the notices by the applicant.
 - (e) On consideration of the application, and on making such enquiry as may be deemed necessary, the District Magistrate or Commissioner of Police may dissent altogether from the establishment of such new magazine on the proposed site, or assent thereto, either absolutely, or on any conditions requiring additional restrictions or precautions.
 - (f) On the completion of the enquiry, the District Magistrate or Commissioner of Police shall forward the application with his recommendation to the Local Government. The Local Government may thereupon either grant the license applied for either in accordance with the recommendation of the District Magistrate or Commissioner of Police, or with the addition of any additional restrictions and precautions as may be deemed proper, or the Local Government may refuse such license.
 - (g) If the Local Government grant a license, it shall forward the same to the District Magistrate or Commissioner of Police, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but until so confirmed the license shall not come into force.

18. A fee of Rs. 20 shall be paid for every license granted under rule 17.

19. Every license granted under rule 17 shall be in Form E in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein.

20. If any person commits a breach of any conditions subject to which a license under rule 17 is granted, he shall be punished with fine, which may extend to one thousand rupees.

21. Licenses for the possession of explosives of the 5th (fulminate) class shall be granted by the Governor-General in Council on payment of such fees, and in such form, and subject to such conditions, as he may in each case prescribe.

22. If any person commits a breach of any condition subject to which a license is granted under rule 21, he shall be punished with fine, which may extend to one thousand rupees.

(c) *Licensing of the sale of other explosives.*

23. Licenses for the sale of explosives other than those referred to in rule 8 may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate, to any person licensed to possess the same.

24. A fee of five rupees shall be paid for every license granted under rule 23.

25. Every license granted under rule 23 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

26. If any person commits a breach of any condition subject to which a license under rule 23 is granted, he shall be punished with fine, which may extend to five hundred rupees.

(f) *Supplementary.*

27. The District Magistrate, or any Subordinate Magistrate deputed in that behalf by the District Magistrate, or, in a Presidency town and its suburbs, the Commissioner of Police, or any Police Officer not below the rank of Inspector, deputed in that behalf by the District Magistrate or Commissioner of Police, may enter and inspect and examine any place in which an explosive is manufactured, possessed, or sold by a person licensed in this behalf under these rules.

28. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in a room or workshop in connection with the magazine, or place in which he is licensed to possess the explosive, he by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the explosive for the keeping of which he is licensed, for use, sale or otherwise: provided that he observes the following rules:—

- (1) There shall not be in the workshop in which such filling, adaptation or preparation is carried on more than 50 lbs. of gunpowder, or in lieu of such gunpowder or of a less amount thereof, not so present, half that amount of other explosive.
- (2) Any work unconnected with such filling, adaptation or preparation shall not be carried on in the said room or workshop while such filling, adaptation or preparation is being carried on.
- (3) The said room or workshop shall be detached from the magazine or place in which the licensee is licensed to possess the explosive and at a safe distance therefrom.
- (4) An explosive of one description shall not be converted into an explosive of another description, and shall not be unmade or resolved into its ingredients.

D.—GENERAL.

29. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

30. If a person licensed to manufacture, possess, or sell an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

31. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Applications for licenses or renewals of licenses shall, if not otherwise provided, be written on plain paper, the licenses themselves being issued on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals.

32. All licenses, except licenses to manufacture an explosive under rule 12, or to possess explosive of the 5th (fulminate) class under rule 21, shall expire on the 31st December of the year for which they are granted. Licenses granted under rules 12, 21 shall be current for the terms therein specified. But the currency of a license may, unless the circumstances have so changed that the grant of a new license would either not be authorised under the Act and rules, or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

33. When a license granted in accordance with these rules is lost, or accidentally destroyed, duplicate may be granted to the licensee on payment of a fee of 8 annas.

34. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate or by any Police Officer in charge of a police-station, or by any Police Officer of higher rank.

35. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Local Government.

36. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

37. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act may possess, without license under these rules, any such explosive in reasonable quantities for his own private use.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales, in such form as the Local Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a substantially constructed building exclusively appropriated for the purpose and detached from a dwelling-house, and situated at a safe distance from any highway, street, public thoroughfare or public place.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. An explosive shall not be sold to any child apparently under the age of 18 years.

7. The explosive possessed by the licensee shall be kept in such a building as is referred to in condition 4, or in a fire-proof safe outside a dwelling-house and detached therefrom, and at a safe distance from any highway, street, public thoroughfare, or public place, made and closed so as to prevent unauthorized persons having access thereto, and to secure it from danger from without.

Provided that a quantity not exceeding 50lbs of gunpowder, or in lieu of each pound of gunpowder not so kept 2lbs of explosive contained in ammunition of the 1st division of class 6, or an equivalent quantity of an explosive of the 7th (firework) class, may be kept inside a dwelling-house, or in any building other than as last aforesaid, in a receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 2nd division of class 6 made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive, nor the fire-proof safe or receptacle, shall have any exposed iron or steel in the interior thereof.

10. All explosive exceeding 5lbs in amount of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, and all other explosive exceeding 1lb in amount, shall be kept in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost receptacle containing such explosive shall have affixed the name of the explosive in conspicuous characters by means of a brand or securely attached label or other mark.

11. Each description of explosive, which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

12.* The license-holder shall affix to his shop or place of business a signboard as required by rule 11 of the rules framed under the Indian Arms Act, 1878, and shall post up in his shop a copy of section 28 of that Act.

13.* The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form VIII or IX of the forms prescribed under the Indian Arms Act, 1878, the following particulars:—

- (a) the name and address of the person who takes delivery of the articles sold;
- (b) the nature and amount of articles sold;
- (c) the date of sale;

and shall append his signature to the endorsement.

* These conditions are to be added only when the authority granting this license directs, by an order written thereon, that this license shall have the effect of a like license granted under the Indian Arms Act, 1878.

of

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in, or in any repairs to, any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications:—

(a) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuze belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division

- of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
- (b) The various explosives of the 1st division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (c) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.
- (d) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (e) The various explosives of class 7 (firework) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorised persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

CEYLON ISLAND.

SOUTH-EAST COAST.

Particulars of reported reefs between Little Bassas and Batticaloa.

THE following information, relating to the coast and the dangers off it between Little Bassas rock on the south and Batticaloa harbour on the north, is republished from the notice issued by His Excellency Rear Admiral Sir F. W. Richards, K.C.B., the Commander-in-Chief of the East India station.

The dangers reported off Komarie Point, and on which the steam-ships *Graville* and *Macgregor* are said to have struck, do not exist in the positions assigned.

A careful examination of the locality has been made by Captain Aldrich, and the officers of H. M. S. *Egeria*, and, as a result, the coast should not be approached nearer than 20 fathoms in thick weather between Komarie and Batticaloa.

The ridge shown on the present Admiralty sheet and in the neighbourhood of Komarie is about two miles north of its proper position, which latter is as follows:—

Its north extreme is in about latitude $7^{\circ} 2' 30'' N.$ and 1.4 mile from the shore.

The south extreme is in about latitude $6^{\circ} 59' N.$ and 0.8 mile from the shore.

It is narrow, and composed of sand and coral patches. On several of the latter there is as little as $2\frac{1}{2}$ fathoms of water. The whole forms a dangerous reef.

Outside it, and to a distance of four miles from the shore, the ground is very uneven, and a patch with 7 fathoms on it lies $3\frac{1}{2}$ miles from the nearest shore, and from it Aganis Peak bears N. $60^{\circ} W.$ (true).

The effects of the winds and currents hereabouts, as also on the edge of the Bank of Soundings, are seen in heavy overfalls and tide rips, which may be mistaken for shoal water, sometimes being met with even in the finest weather.

The closely approximate position of the Alphees shoal is in latitude $7^{\circ} 26' N.$; longitude $84^{\circ} 51' 30'' E.$; coral; least water $3\frac{1}{2}$ fathoms.

Komarie Point is a rounded curve in the coast line, and cannot be distinguished as a point from the sea, unless very close in to the shore.

The appearance of the coast changes ■ times very rapidly, and estimated distances were often found much in error during the survey.

Charts affected—813, Ceylon, sheet 1; 2031, Ceylon, sheet 2; 828, Cape Comorin to Cocanada; 70, Bay of Bengal.

The 16th May 1887—Baboo Amrito Lal Chatterjee, First Subordinate Judge of Sarun, is allowed leave for one month and fifteen days, under rule 1, section 73 of the Civil Leave Code, with effect from the date on which he may be relieved.

Baboo Jadu Nath Das is appointed to act as Subordinate Judge of Sarun, during the absence, on leave, of Baboo Amrito Lal Chatterjee, or until further orders, on being relieved of his present appointment as Officiating Small Cause Court Judge and Subordinate Judge of Pubna and Bogra.

The 19th July 1887.—Baboo Gonesh Chunder Chowdhri, First Subordinate Judge and Small Cause Court Judge, Midnapore, is promoted to the first grade of Subordinate Judges, with effect from the 4th April 1887, *vice* Mr. W. H. Ryland, retired.

Baboo Trailokya Nath Mitra, Second Subordinate Judge and Small Cause Court Judge, Patna, is promoted to the second grade of Subordinate Judges, with effect from the 4th April 1887, *vice* Baboo Gonesh Chunder Chowdhri.

Baboo Shudhangshu Bhusan Roy, First Munsif of Lakshimpore, in Noakhally, is promoted to the first grade of Munsifs, with effect from the 4th April 1887, *vice* Baboo Rakhal Chunder Bose.

Baboo Dinesh Chandra Roy, Munsif, Chittagong, is promoted to the second grade of Munsifs, with effect from the 4th April 1887, *vice* Baboo Shudhangshu Bhusan Roy.

Baboo Khetra Nath Dutta, Second Munsif of Chikundi, in Furreedpore, is promoted to the third grade of Munsifs, with effect from the 4th April 1887, *vice* Baboo Dinesh Chandra Roy.

Baboo Manmatha Nath Chatterjee, B.L., Officiating Munsif of Karigram, in Rungpore, is appointed to be a Munsif of the fourth grade, with effect from the 4th April 1887, *vice* Baboo Khetra Nath Dutta.

Baboo Sham Chand Dhur, Munsif of Jamalpore, in Mymensingh, is appointed to be a Subordinate Judge of the third grade, with effect from the 8th May 1887, *vice* Baboo Dinesh Chandra Roy, deceased.

Baboo Sham Chand Dhur is also appointed to be Second Subordinate Judge of Tipperah, but will continue to be employed, until further orders, as Additional Subordinate Judge of Bhagulpore.

Baboo Jadu Nath Roy, Officiating Small Cause Court Judge of Sealdah, is confirmed in that appointment, *vice* Mr. W. H. Ryland, retired.

Baboo Bhobotosh Banerjee, Deputy Magistrate and Deputy Collector, Purneah, is vested with the powers of a Magistrate of the second class.

GRANT OF LEAVE TO MUNSIFS.—*The 12th July 1887.*—Baboo Suresh Chunder Ghose, Munsif of Sasseram, in the district of Shahabad, is allowed leave for three weeks, under section 73, rule 1, chapter V of the Civil Leave Code, in extension of the leave granted to him on the 18th April last.

Baboo Amar Chunder Mukerji, Additional Munsif of Tipperah, is allowed leave for a month-and-a-half, under section 134, chapter X of the Civil Leave Code, with effect from the afternoon of the 4th instant.

The 15th July 1887.—Baboo Krishna Chandra Dass, Munsif of Lohardugga, in the district of Chota Nagpore, is allowed furlough for four months, under section 134, chapter X of the Civil Leave Code, with effect from the date on which he may be relieved.

The 16th July 1887.—Baboo Gobind Chunder Bose, Munsif of Suri, in the district of Boorbhoom, is allowed leave for two months, under section 128, chapter X of the Civil Leave Code, with effect from the 18th instant, or from the date on which he may be relieved.

Offg. Chief Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 9th July 1887.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the manufacture, possession, and sale of explosives in the Lower Provinces of Bengal.

2. Nothing in the rules relating to the possession of explosives shall apply in any port, as defined in the Indian Ports Act, 1875, for which the local Government may have made, or may make, special rules under the Indian Explosives Act, 1884, to regulate the possession of explosives.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

**RULES UNDER THE EXPLOSIVES ACT, 1884, FOR THE MANUFACTURE,
POSSESSION, AND SALE OF EXPLOSIVES IN THE LOWER
PROVINCES OF BENGAL.**

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely—

Class	1	Gunpowder.
"	2	Nitrate-mixture.
"	3	Nitro-compound.
"	4	Calcate-mixture.
"	5	Fulminate.
"	6	Ammonition.
"	7	Firework.

When an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—*Gunpowder Class.*

The term "gunpowder" means exclusively gunpowder ordinarily so called.

CLASS 2.—*Nitrate-mixture Class.*

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,
Endrolithe,
Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—*Nitro-compound Class.*

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,	Dualine,
Dynamite,	Glyoxiline,
Lithofracteur,	Methylic-nitrate,

and any chemical compound or mechanically-mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound,

Division 2 comprises such explosives as—

Gun-cotton, ordinarily so called,	Cotton gunpowder,
Gun-paper,	Schultz's powder,
Xyloidine,	Nitro-mannite,
Gun-sawdust,	Picrates,
Nitrated gun-cotton,	Pieric powder,

and any nitro-compound as before defined, which is not comprised in the first division.

CLASS 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Hersley's blasting powder, | Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Hersley's original blasting powder,
Erhardt's powder,
Reverley's powder,
Hochstadter's blasting charges,

Reichen's blasting charges,
Teutonite,
Chlorated gun-cotton,

and any chlorate-mixture as before defined, which is not comprised in the first division.

CLASS 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

CLASS 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when, enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting, which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions.

Division 1 comprises exclusively—

Safety cartridges.
Safety fuzes for blasting.
Railway fog signals.
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small-arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War rockets,

which do not contain their own means of ignition.

Division II comprises any ammunition as before defined which contains its own means of ignition, and is not included in division I, such as—

- Detonators,
- Cartridges for small-arms, which are not safety cartridges,
- Fuzes for blasting, which are not safety fuzes,
- Fuzes for shells,
- Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the ammunition by friction or percussion.

CLASS I.—Firework Class.

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically-mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war-rocket), maroon, star, lance, wheel, Chinese fire, Roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

MANUFACTURE, POSSESSION, AND SALE.

(a) General Rules.

2. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

- (a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or
- (b) to the filling for private use, and not for sale, of any safety cartridges to the amount allowed by these rules to be possessed for private use.

3. If any person manufactures an explosive in contravention of rule 2, he shall be punished with fine which may extend to three thousand rupees.

4. An explosive shall not be possessed except under, and in accordance with, the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

- (1) to a person possessing for his private use and not for sale—
- (a) gunpowder to an amount not exceeding on the same premises 30lbs., or in lieu of the said quantity of gunpowder 15lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive; or
- (b) gunpowder contained in safety cartridges to an amount not exceeding 150lbs., or in lieu thereof 150lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorise the possession for private use—

- (a) of any explosive of the 5th (fulminate) class; or
- (b) of any explosive whereof the possession has been prohibited absolutely by notification under section 6 of the Act; or
- (c) where the possession of an explosive has by notification under that section been prohibited subject to conditions of any such explosive, except subject to those conditions.
- (2) to the possession of an unlimited quantity of fireworks, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precautions for the public safety;
- (3) to the possession of any explosive by a person licensed to manufacture the explosive;
- (4) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being sent or transported in accordance with the provisions of the rules made under the Act with respect to the transport of such explosive; or
- (5) to the possession of any gunpowder, rockets or other explosive on board any ship in pursuance of the provisions of the Merchant Shipping Acts, or any order or regulation under those Acts.

5. If any person possesses an explosive in contravention of rule 4, he shall be punished with fine which may extend to one thousand rupees.

6. An explosive shall not be sold except under, and in accordance with, the conditions of a license to sell the explosive granted under these rules:

Provided that this rule shall not apply to any person selling any explosive which for his own private use he lawfully possesses to any person who is not legally prohibited from possessing the same.

7. If any person sells an explosive in contravention of rule 6, he shall be punished with fine which may extend to five hundred rupees.

(b) Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.

8. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class, or of the 1st division of the 6th (ammunition) class, or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200lbs. of gunpowder, 500lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

9. The following fees shall be paid for every license granted under the last foregoing rule, namely—

- (1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (2) a fee of ten rupees for every license to manufacture, possess, and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity; and
- (7) a fee of eight annas for every license to possess explosive.

10. Every license granted under rule 8 shall be in Form A, B, or C in the schedule hereto annexed, as the case may be, and shall be subject to the conditions prescribed therein.

11. If any person commits a breach of any condition subject to which a license under rule 8 is granted, he shall be punished with fine which may extend to five hundred rupees.

(c) Licensing of the manufacture of other explosives.

12. Licenses to manufacture explosives other than those referred to in rule 8 shall be granted by the Governor-General in Council on payment of such fees, in such form, for such term, and subject to such conditions, as the Governor-General in Council may in each case prescribe: provided that the Governor-General in Council shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

13. If any person commits a breach of any condition subject to which a license under rule 12 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of other explosives.

14. Licenses for the possession, at such places as shall be approved by the licensing officer, of explosives other than those specified in rule 8 shall, if the explosive is not one of the 5th (fulminate) class, and if the quantity to be possessed at the same time does not exceed 50lbs., be granted in a presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

15. Every license granted under rule 14 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

16. If any person commits a breach of any condition subject to which a license under rule 14 is granted, he shall be punished with fine which may extend to one thousand rupees.

(c) *Licensing of the possession of explosives generally.*

17. Licenses for the possession of explosives other than those which may be issued under rules 8 and 14 shall, if the explosive is not one of the 5th (fulminate) class, be granted by the Local Government in accordance with the following procedure:—

(1) The applicant shall submit to the District Magistrate, or, in a presidency town and its suburbs, to the Commissioner of Police, an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable namely—

- (a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear, and the buildings and works from which it is to be kept clear, or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;
- (b) the situation, character, and construction of all the mounds, buildings, and works on or connected with the magazine, and the distances thereof from each other;
- (c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and
- (d) any especial terms which the applicant may propose by reason of any special circumstances arising from the locality, the situation or construction of any buildings or works, or the nature of any process or otherwise.

(3) Upon receipt of the said application—

- (a) The District Magistrate or Commissioner of Police, as the case may be, shall thereupon cause notice to be published of the application, and fix a date on which any persons shall be heard objecting to the establishment of a magazine on the proposed site who have not less than seven clear days before the day of hearing sent to the said District Magistrate or Commissioner of Police, and to the applicant, notice of their intention to appear and object with their name, address, and calling, and a short statement of the grounds of their objection.
- (b) Where the site of the proposed magazine is situate within, or within one mile of, the limits of the jurisdiction of any municipality or of any Port authority, the applicant shall serve on such authority notice of the application, and of the date of hearing by the District Magistrate or Commissioner of Police.
- (c) The said notices shall be published and served at the cost of the applicant by the District Magistrate or Commissioner of Police not less than one month before the date of hearing.
- (d) The District Magistrate or Commissioner of Police shall fix the date of hearing as soon as practicable after application is made to him, and the time so fixed shall be as soon as practicable after the expiration of the said month from the publication and service of the notices by the applicant.
- (e) On consideration of the application, and on making such enquiry as may be deemed necessary, the District Magistrate or Commissioner of Police may dissent altogether from the establishment of such new magazine on the proposed site, or assent thereto, either absolutely, or on any conditions requiring additional restrictions or precautions.
- (f) On the completion of the enquiry, the District Magistrate or Commissioner of Police shall forward the application with his recommendation to the Local Government. The Local Government may thereupon either grant the license applied for either in accordance with the recommendation of the District Magistrate or Commissioner of Police, or with the addition of any additional restrictions and precautions as may be deemed proper, or the Local Government may refuse such license.
- (g) If the Local Government grant a license, it shall forward the same to the District Magistrate or Commissioner of Police, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but until so confirmed the license shall not come into force.

18. A fee of Rs. 20 shall be paid for every license granted under rule 17.

19. Every license granted under rule 17 shall be in Form E in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein.

20. ■ any person commits a breach of any conditions subject to which a license under rule 17 is granted, he shall be punished with fine, which may extend to one thousand rupees.

21. Licenses for the possession of explosives of the 5th (fulminate) class shall be granted by the Governor-General in Council on payment of such fees, and in such form, and subject to such conditions, as he may in each case prescribe.

22. If any person commits a breach of any condition subject to which a license is granted under rule 21, he shall be punished with fine, which may extend to one thousand rupees.

(e) Licensing of the sale of other explosives.

23. Licenses for the sale of explosives other than those referred to in rule 8 may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate, to any person licensed to possess the same.

24. A fee of five rupees shall be paid for every license granted under rule 23.

25. Every license granted under rule 23 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

26. If any person commits a breach of any condition subject to which a license under rule 23 is granted, he shall be punished with fine, which may extend to five hundred rupees.

(f) Supplementary.

27. The District Magistrate, or any Subordinate Magistrate deputed in that behalf by the District Magistrate, or, in a Presidency town and its suburbs, the Commissioner of Police, or any Police Officer not below the rank of Inspector, deputed in that behalf by the District Magistrate or Commissioner of Police, may enter and inspect and examine any place in which an explosive is manufactured, possessed, or sold by a person licensed in this behalf under these rules.

28. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in a room or workshop in connection with the magazine, or place in which he is licensed to possess the explosive, he by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the explosive for the keeping of which he is licensed, for use, sale or otherwise: provided that he observes the following rules:—

- (1) There shall not be in the workshop in which such filling, adaptation or preparation is carried on more than 50 lbs. of gunpowder, or in lieu of such gunpowder or of a less amount thereof, not so present, half that amount of other explosive.
- (2) Any work unconnected with such filling, adaptation or preparation shall not be carried on in the said room or workshop while such filling, adaptation or preparation is being carried on.
- (3) The said room or workshop shall be detached from the magazine or place in which the licensee is licensed to possess the explosive and at a safe distance therefrom.
- (4) An explosive of one description shall not be converted into an explosive of another description, and shall not be unmade or resolved into its ingredients.

D.—GENERAL.

29. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

30. If a person licensed to manufacture, possess, or sell an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licenses shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

31. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Applications for licenses or renewals of licenses shall, if not otherwise provided, be written on plain paper, the licenses themselves being issued on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals.

32. All licenses, except licenses to manufacture an explosive under rule 12, or to possess explosive of the 5th (fulminate) class under rule 21, shall expire on the 31st December of the year for which they are granted. Licenses granted under rules 12, 21 shall be current for the terms therein specified. But the currency of a license may, unless the circumstances have so changed that the grant of a new license would either not be authorised under the Act and rules, or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

33. When a license granted in accordance with these rules is lost, or accidentally destroyed, duplicate may be granted to the licensee on payment of a fee of 1 annas.

34. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate or by any Police Officer in charge of a police-station, or by any Police Officer of higher rank.

35. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Local Government.

36. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

37. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act may possess, without license under these rules, any such explosive in reasonable quantities for his own private use.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales, in such form as the Local Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a substantially constructed building exclusively appropriated for the purpose and detached from a dwelling-house, and situated at a safe distance from any highway, street, public thoroughfare or public place.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. An explosive shall not be sold to any child apparently under the age of 18 years.

7. The explosive possessed by the licensee shall be kept in such a building as is referred to in condition 4, or in a fire-proof safe outside a dwelling-house and detached therefrom, and at a safe distance from any highway, street, public thoroughfare, or public place, made and closed so as to prevent unauthorized persons having access thereto, and to secure it from danger from without:

Provided that a quantity not exceeding 50lbs of gunpowder, or in lieu of each pound of gunpowder not so kept 2lbs of explosive contained in ammunition of the 1st division of class 6, or an equivalent quantity of an explosive of the 7th (firework) class, may be kept inside a dwelling-house, or in any building other than as last aforesaid, in a receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 2nd division of class 6 made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive, nor the fire-proof safe or receptacle, shall have any exposed iron or steel in the interior thereof.

10. All explosive exceeding 5lbs in amount of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, and all other explosive exceeding 1lb in amount, shall be kept in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost receptacle containing such explosive shall have affixed the name of the explosive in conspicuous characters by means of a brand or securely attached label or other mark.

11. Each description of explosive, which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

12.* The license-holder shall affix to his shop or place of business a signboard as required by rule 11 of the rules framed under the Indian Arms Act, 1878, and shall post up in his shop a copy of section 28 of that Act.

13.* The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form VIII or IX of the forms prescribed under the Indian Arms Act, 1878, the following particulars:—

- (a) the name and address of the person who takes delivery of the articles sold;
- (b) the nature and amount of articles sold;
- (c) the date of sale;

and shall append his signature to the endorsement.

* These conditions are to be added only when the authority granting this license directs, by an order written thereon, that this license shall have the effect of a like license granted under the Indian Arms Act, 1878.

of

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in, or in any repairs to, any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications:—

(a) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuse belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division

- of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
- (b) The various explosives of the 1st division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (c) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.
- (d) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (e) The various explosives of class 7 (firework) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorised persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

CEYLON ISLAND.

SOUTH COAST.

Breaking adrift of the Gindurah and Whale Rocks buoys.

Information has been received from the Master Attendant, Point-de-Galle, that the buoys marking the Gindurah and Whale rocks have broken from their moorings.

Note.—All vessels making for Point-de-Galle harbour from the westward and northward should bring the light-house on an E. by N. bearing, and thereby pass nearly two miles South of the Gindurah rock, and also clear of the Whale rock; southward of this bearing all is clear.

Vessels requiring a pilot should heave to with the light-house bearing from N. E. to N. N. E., distant about one mile.

RED SEA—EAST SHORE.

Reported sunken rock, Northward of Jebel Zukur island.

With reference to Notice to Mariners, No. 41, dated the 25th June 1887, information has been received from the Admiralty, London, that, pending further examination, Mariners are warned to pass to the westward of a line joining Centre Peak island, Zebayir islands, and High island, Jebel Zukur.

Note.—An examination, made in April 1887, by H. M. Surveying vessel *Flying Fish*, of the vicinity of the rock reported by the *Asocet*, failed to show any sign of shoal water. The position of the rock the *Tiddington* is reported to have struck falls at the outer limit of the area of this examination.

PERIM HARBOUR ENTRANCE.

Alteration in Buoyage.

With reference to Notice to Mariners, No. 26, of the 25th May 1887, further particulars have been received from the Admiralty, London, that the following alterations have been made in the character of the buoys in Perim harbour entrance:—

1. Pirie Point buoy (port hand on entering) has been replaced by a buoy lighted by gas; the light is a *fixed white light*. This light-buoy, conical in shape, and painted lower part red, upper part white, lies with Pirie Point light, bearing N. 51° W., distant $\frac{1}{10}$ th of a cable.

2. Lee Point buoy (starboard hand on entering) has been replaced by a buoy lighted by gas; the light is a *fixed white light*. This light-buoy, in shape a *truncated cone*, is painted lower part red, upper part white, and lies with Pirie Point bearing N. 60° W., distant nearly $\frac{1}{10}$ th the cables.

The bearings are magnetic. Variation 41° westerly in 1887.

GULF OF ADEN.

GULF OF TEJUREH—NORTH SHORE.

PORT OF OBOKH.

Particulars of lights.

With reference to Notice to Mariners, No. 27, of the 10th May 1886, on the intended exhibition of a red light at Obokh, North shore of gulf of Tejurch, the Admiralty, London, has given further information that the light is exhibited:—

1. The light is a *fixed red* light elevated 174 feet above the sea, and should be visible in clear weather from a distance of about 10 miles. The light-house, 34 feet high, constructed of iron, on a base of masonry 8 feet in height, is painted *white*, with *red stripes* on its South side. It is situated with Single tree bearing S. 56° E., distant 8½ cables, and South island beacon S. 1° W.

Position, latitude 11° 58' 30" N.; longitude 43° 16' 50" E.

2. Also, that a *fixed red* light would be exhibited about 15th May 1887, from a tower, 39 feet high, situated in the centre of the Penitentiary enclosure (formerly factory) with the following bearing and distance:—

South island beacon ... S. 7° W.; distant 11½ cables.

Note.—This light, in line with the principal light above mentioned (distant about 780 yards), bearing N. 17° W., leads into South port entrance.

3. Also, that a light will be exhibited from a light-house erected about 110 yards N. 16° W. from cape Obokh.

The light will be a *fixed green* light, elevated 64 feet above high-water, showing *red* through a sector of 14°, or from the bearings of N. 89° W. to N. 75° W. The light-house, 34 feet high, is an iron column, painted in alternate *white* and *black* bands.

The bearings are magnetic. Variation 4½° westerly in 1887.

CEYLON ISLAND.

SOUTH-EAST COAST.

Particulars of reported reefs between Little Bassas and Batticaloa.

THE following information, relating to the coast and the dangers off it between Little Bassas rock on the south and Batticaloa harbour on the north, is republished from the notice issued by His Excellency Rear Admiral Sir F. W. Richards, K.C.S., the Commander-in-Chief of the East India station.

The dangers reported off Komaris Point, and on which the steam-ships *Graville* and *Macgregor* are said to have struck, do not exist in the positions assigned.

A careful examination of the locality has been made by Captain Aldrich, and the officers of H. M. S. *Egeria*, and, as a result, the coast should not be approached nearer than 20 fathoms in thick weather between Komarie and Batticaloa.

The ridge shown on the present Admiralty sheet and in the neighbourhood of Komarie is about two miles north of its proper position, which latter is as follows :—

Its north extreme is in about latitude $7^{\circ} 2' 30''$ N. and 1.4 mile from the shore.

The south extreme is in about latitude $6^{\circ} 59'$ N. and 0.8 mile from the shore.

It is narrow, and composed of sand and coral patches. On several of the latter there is as little as 2½ fathoms of water. The whole forms a dangerous reef.

Outside it, and to a distance of four miles from the shore, the ground is very uneven, and a patch with 7 fathoms on it lies 3.7 miles from the nearest shore, and from it Aganis Peak bears N. 69° W. (true).

The effects of the winds and currents hereabouts, as also on the edge of the Bank of Soundings, are seen in heavy overfalls and tide rips, which may be mistaken for shoal water, sometimes being met with even in the finest weather.

The closely approximate position of the Alpheo shoal is in latitude $7^{\circ} 26'$ N.; longitude $81^{\circ} 51' 30''$ E., coral; least water 3½ fathoms.

Komarie Point is a rounded curve in the coast line, and cannot be distinguished as a point from the sea, unless very close in to the shore.

The appearance of the coast changes at times very rapidly, and estimated distances were often found much in error during the survey.

Charts affected—813, Ceylon, sheet 1; 2031, Ceylon, sheet 2; 828, Cape Comorin to Cocanada; 70, Bay of Bengal.

Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 18th July 1887.—In partial supersession of the notification dated the 26th November 1868, published in the *Calcutta Gazette* of the 20th January 1869, it is hereby notified for general information that the undermentioned changes in the districts of Cuttack and Pooree have been made with the sanction of the Lieutenant-Governor—

1st.—Killah Banki, which was formerly a portion of the Tributary Mohals, has been annexed to the Regulation District of Cuttack, and made a separate police-station. It is included in the Sudder sub-division of the district.

2nd.—Thana Lubha, in the district of Pooree, has been converted into an outpost subordinate to thana Pooree, and is known as the Udaigiri outpost.

3rd.—Thana Taughy, of the Khorda sub-division in the district of Pooree, has been converted into an outpost subordinate to thana Banpur.

The boundaries of thana Banki, district Cuttack, and the revised boundaries of thanas Khorda, Banpur, and Pooree, district Pooree, are described below—

DISTRICT CUTTACK.

Thana Banki.

On the North.—The southern boundaries of zillahs Atgurb, Tigaria, and Baramba.

On the West.—The Kaligiri Nudde, which also forms the natural eastern boundary of Killah Khandpara.

On the South.—The northern boundaries of zillah Panohgarh and zillahs (or pergunnahs) Manikagora and Kuspala, which also form a part of the north-western boundary of the district of Pooree.

On the East.—The western boundary of zillah Haldia, Killah Khorda, in the Pooree district, and of Killah Dompura in the district of Cuttack.

Note.—The killahs and zillahs named in the above description are situated outside the boundaries of the thana to which reference is made.

DISTRICT POOREE.

Thana Khorda.

On the North and West.—The boundary accords with that of the district as shown on the Revenue survey cadastral maps of seasons 1875–80.

On the South.—Commencing from the village of Arisal, in zillah Ramcswar, on the west, the boundary runs south-eastward along the limits of the following villages bordering on Killah Banpur, viz., Arisal, Krupaindhapur, Kamagura, and to the crest of the Atala range of hills; thence north-eastward following the south-eastern boundaries of Tikatia, Komanada, Atah, Lalaingh, Totapara, Katamati, and Baghaiput bordering on other villages of Khorda in the Banpur thana, to the

Madagni river, which the boundary crosses to its northern bank; thence along the northern bank of Madagni river eastward to the village of Ichapur; thence along the outer boundaries of the following villages of Killah Khorda, bordering on pergunnah Serain, viz., Ichapur, Sandhpur, Ichaban, Nirasraya, Harpada, Durgapur, Orborsingh, Hirimul, Medani, Sardhapur, and Lekhanpur.

On the East—From the village of Lekhanpur, the boundary runs northward along the outer limits of the following villages of Killah Khorda, bordering on pergunnah Serain, viz., Lekhanpur, Saradhapur, Seraigh, Gopinathpur, Anda, Basant, Raipur, Banamalipur, Mahatpara, Chatipur, Bijipur, Trimul, Gopibalbhabpur, Prosotompur and Buranagora; thence it agrees with the boundary of the Khorda sub-division as defined by the notification of 26th November 1868, and as shown on the Revenue survey cadastral maps of Khorda for seasons 1875—80.

Thana Banpur.

On the North, West and South-west—The boundary is continuous with the southern boundary of the Khorda thana as above described, and with the boundary of the district as shown on the Revenue survey cadastral maps of seasons 1875—80.

On the South and East—The boundary agrees with the south-eastern boundary of the Khorda estate in the Chilka Lake, as shown on the Revenue survey cadastral maps of seasons 1875—80, and it also forms the boundary of the Khorda sub-division between the villages of Dungal on the south and Jaganathpur-patna on the north; thence it runs northward along the outer boundaries of the following villages on pergunnah Serain, viz., Jaganathpur-patna, Bidharpur-patna, Bhusandpur, Shashimukhi, Bhusandpur-sason, Shashimukhi for the second time, Gopalipadar, Beritai, Gopalipadar for the second time, Sanarautpara, Batisbatia, Mormorsingh, Kasipur, Beritai (detached), Kasipur for the second time, Beritai, Dian, Kapilastwar, Nalichatuanak, Sutran, Lendo, Aridi, Alanchal, Giridharipur, Bilua, Khandeta, Alanchal for the second time, Sango-bindpur, Chandrasikurpur, Aridi for the second time, Lendo for the second time, Gopinathpur, Jajpur, Kuniz, and Bhagabatipur to the Madagni river; thence the boundary crosses the river to its northern bank and runs westward till it joins the southern boundary of the Khorda thana.

Thana Pooree.

On the South, East, and North—The boundary remains unaltered.

On the North-west and West—By thana Khorda and Banpur, and by, the boundary of the district as shown on the Revenue survey maps of 1875—80.

Note.—In the above description the villages named are included within the boundaries of the thana to which reference is made.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 26th July 1887.—In supersession of that part of the notification dated the 8th February 1881, published at page 189, Part I of the *Calcutta Gazette* dated the 9th idem, which relates to the southern boundary of Fort William, indicated by stone-pillars Nos. 26 to 41; the following description of the revised southern boundary of Fort William, which has been approved by the Government of India, is hereby notified for general information.

Revised southern boundary.

Starting from the eastern side of the northern approach to the Zeerut Bridge, the boundary runs along the northern approach till it meets the Lower Circular Road; thence eastward along the southern side of the Lower Circular Road till it reaches the north-western corner of the Military Hospital; thence along the western, southern and eastern boundaries till it again meets the Lower Circular Road; thence eastward along the southern side of the Lower Circular Road till it meets the Russapugla Road; whence the boundary crosses the Lower Circular Road to its northern side at Stone-pillar No. 26, situated at the junction of the Lower Circular Road with the Chowringhi Road.

J. WARE EDGAR,

Offg. Chief Secretary to the Govt. of Bengal.

NOTE.—The Military burial-ground, which lies outside the above described boundary, is a detached portion of the Government.

[Third Publication.]

NOTIFICATION.

The 9th July 1887.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the manufacture, possession, and sale of explosives in the Lower Provinces of Bengal.

2. Nothing in the rules relating to the possession of explosives shall apply in any port, as defined in the Indian Ports Act, 1875, for which the local Government may have made, or may make, special rules under the Indian Explosives Act, 1884, to regulate the possession of explosives.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

**RULES UNDER THE EXPLOSIVES ACT, 1884, FOR THE MANUFACTURE,
POSSESSION, AND SALE OF EXPLOSIVES IN THE LOWER
PROVINCES OF BENGAL.**

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely—

Class 1	Gunpowder.
" 2	Nitrate-mixture.
" 3	Nitro-compound.
" 4	Chlorate-mixture.
" 5	Fulminate.
" 6	Ammunition.
" 7	Firework.

When an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—Gunpowder Class.

The term "gunpowder" means exclusively gunpowder ordinarily so called.

CLASS 2.—Nitrate-mixture Class.

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,
Pudrolithe,
Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—Nitro-compound Class.

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,	Dualine,
Dynamite,	Glyoxiline,
Lithofracteur,	Methylo-nitrate,

and any chemical compound or mechanically-mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound,

Division 2 comprises such explosives as—

Gun-cotton, ordinarily so called,	Cotton gunpowder,
Gun-paper,	Schultz's powder,
Xyloidine,	Nitro-mannite,
Gun-sawdust,	Picrates,
Nitrated gun-cotton,	Picric powder,

and any other compound as before defined which is not comprised in the first division.

Class 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Horsley's blasting powder, | Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Horsley's original blasting powder,	Reichen's blasting charges,
Erhardt's powder,	Teutonite,
Reverley's powder,	Chlorated gun-cotton,
Hochstadter's blasting charges,	

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation, or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorous, or certain descriptions of phosphorous compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when, enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog signal, a shell, a torpedo, a war rocket, or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting, which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions.

Division 1 comprises exclusively—

Safety cartridges.
Safety fuzes for blasting.
Railway fog signals.
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small-arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War rockets,

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1, such as—

Detonators,
Cartridges for small-arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the ammunition by friction or percussion.

CLASS 7.—*Firework Class.*

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically-mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war-rocket), maroon, star, lance, wheel, Chinese fire, Roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

MANUFACTURE, POSSESSION, AND SALE.

(a) *General Rules.*

2. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

- (a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or
- (b) to the filling for private use, and not for sale, of any safety cartridges to the amount allowed by these rules to be possessed for private use.

3. If any person manufactures an explosive in contravention of rule 2, he shall be punished with fine which may extend to three thousand rupees.

4. An explosive shall not be possessed except under, and in accordance with, the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

- (1) to a person possessing for his private use and not for sale—
- (a) gunpowder to an amount not exceeding on the same premises 30lbs., or in lieu of the said quantity of gunpowder 15lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive; or
- (b) gunpowder contained in safety cartridges to an amount not exceeding 150lbs., or in lieu thereof 150lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained.

Reception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorise the possession for private use—

- (a) of any explosive of the 5th (fulminate) class; or
- (b) of any explosive whereof the possession has been prohibited absolutely by notification under section 6 of the Act; or
- (c) where the possession of an explosive has by notification under that section been prohibited subject to conditions of any such explosive, except subject to those conditions.
- (2) to the possession of an unlimited quantity of fireworks, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precautions for the public safety;
- (3) to the possession of any explosive by a person licensed to manufacture the explosive;
- (4) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with the provisions of the rules made under the Act with respect to the transport of such explosive; or
- (5) to the possession of any gunpowder, rockets or other explosive on board any ship in pursuance of the provisions of the Merchant Shipping Acts, or any order or regulation under those Acts.

5. If any person possesses an explosive in contravention of rule 4, he shall be punished with fine which may extend to one thousand rupees.

6. An explosive shall not be sold except under, and in accordance with, the conditions of a license to sell the explosive granted under these rules:

Provided that this rule shall not apply to any person selling any explosive which for his own private use he lawfully possesses to any person who is not legally prohibited from possessing the same.

7. If any person sells an explosive in contravention of rule 6, he shall be punished with fine which may extend to five hundred rupees.

(b) Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.

8. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class, or of the 1st division of the 6th (ammunition) class, or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200lbs. of gunpowder, 500lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

9. The following fees shall be paid for every license granted under the last foregoing rule, namely—

- (1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (2) a fee of ten rupees for every license to manufacture, possess, and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity;
- (5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity;
- (6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity; and
- (7) a fee of eight annas for every license to possess explosive.

10. Every license granted under rule 8 shall be in Form A, B, or C in the schedule hereto annexed, as the case may be, and shall be subject to the conditions prescribed therein.

11. If any person commits a breach of any condition subject to which a license under rule 8 is granted, he shall be punished with fine which may extend to five hundred rupees.

(c) Licensing of the manufacture of other explosives.

12. Licenses to manufacture explosives other than those referred to in rule 8 shall be granted by the Governor-General in Council on payment of such fees, in such form, for such term, and subject to such conditions, as the Governor-General in Council may in each case prescribe: provided that the Governor-General in Council shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

13. If any person commits a breach of any condition subject to which a license under rule 12 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of other explosives.

14. Licenses for the possession, at such places as shall be approved by the licensing officer, of explosives other than those specified in rule 8 shall, if the explosive is not one of the 5th (fulminate) class, and if the quantity to be possessed at the same time does not exceed 60lbs., be granted in a presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate.

15. Every license granted under rule 14 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

16. If any person commits a breach of any condition subject to which a license under rule 14 is granted, he shall be punished with fine which may extend to one thousand rupees.

(c) *Licensing of the possession of explosives generally.*

17. Licenses for the possession of explosives other than those which may be issued under rules 8 and 14 shall, if the explosive is not one of the 5th (fulminate) class, be granted by the Local Government in accordance with the following procedure:—

(1) The applicant shall submit to the District Magistrate, or, in a presidency town and its suburbs, to the Commissioner of Police, an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable namely—

- (a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear, and the buildings and works from which it is to be kept clear, or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;
- (b) the situation, character, and construction of all the mounds, buildings, and works on or connected with the magazine, and the distances thereof from each other;
- (c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and
- (d) any especial terms which the applicant may propose by reason of any special circumstances arising from the locality, the situation or construction of any buildings or works, or the nature of any process or otherwise.

(3) Upon receipt of the said application—

- (a) The District Magistrate or Commissioner of Police, as the case may be, shall thereupon cause notice to be published of the application, and fix a date on which any persons shall be heard objecting to the establishment of a magazine on the proposed site who have not less than seven clear days before the day of hearing sent to the said District Magistrate or Commissioner of Police, and to the applicant, notice of their intention to appear and object with their name, address, and calling, and a short statement of the grounds of their objection.
- (b) Where the site of the proposed magazine is situate within, or within one mile of, the limits of the jurisdiction of any municipality or of any Port authority, the applicant shall serve on such authority notice of the application, and of the date of hearing by the District Magistrate or Commissioner of Police.
- (c) The said notices shall be published and served at the cost of the applicant by the District Magistrate or Commissioner of Police not less than one month before the date of hearing.
- (d) The District Magistrate or Commissioner of Police shall fix the date of hearing as soon as practicable after application is made to him, and the time so fixed shall be as soon as practicable after the expiration of the said month from the publication and service of the notices by the applicant.
- (e) On consideration of the application, and on making such enquiry as may be deemed necessary, the District Magistrate or Commissioner of Police may dissent altogether from the establishment of such new magazine on the proposed site, or assent thereto, either absolutely, or on any conditions requiring additional restrictions or precautions.
- (f) On the completion of the enquiry, the District Magistrate or Commissioner of Police shall forward the application with his recommendation to the Local Government. The Local Government may thereupon either grant the license applied for either in accordance with the recommendation of the District Magistrate or Commissioner of Police, or with the addition of any additional restrictions and precautions as may be deemed proper, or the Local Government may refuse such license.
- (g) If the Local Government grant a license, it shall forward the same to the District Magistrate or Commissioner of Police, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but until so confirmed the license shall not come into force.

18. A fee of Rs. 20 shall be paid for every license granted under rule 17.

19. Every license granted under rule 17 shall be in form E in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein.

20. If any person commits a breach of any conditions subject to which a license under rule 17 is granted, he shall be punished with fine, which may extend to one thousand rupees.

21. Licenses for the possession of explosives of the 5th (fulminate) class shall be granted by the Governor-General in Council on payment of such fees, and in such form, and subject to such conditions, as he may in each case prescribe.

22. If any person commits a breach of any condition subject to which a license is granted under rule 21, he shall be punished with fine, which may extend to one thousand rupees.

(e) Licensing of the sale of other explosives.

23. Licenses for the sale of explosives other than those referred to in rule 8 may be granted in a Presidency town and its suburbs by the Commissioner of Police, and elsewhere by the District Magistrate, to any person licensed to possess the same.

24. A fee of five rupees shall be paid for every license granted under rule 23.

25. Every license granted under rule 23 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

26. If any person commits a breach of any condition subject to which a license under rule 23 is granted, he shall be punished with fine, which may extend to five hundred rupees.

(f) Supplementary.

27. The District Magistrate, or any Subordinate Magistrate deputed in that behalf by the District Magistrate, or, in a Presidency town and its suburbs, the Commissioner of Police, or any Police Officer not below the rank of Inspector, deputed in that behalf by the District Magistrate or Commissioner of Police, may enter and inspect and examine any place in which an explosive is manufactured, possessed, or sold by a person licensed in this behalf under these rules.

28. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in a room or workshop in connection with the magazine, or place in which he is licensed to possess the explosive, he by filling cartridges, making charges, drying, sitting, fitting or otherwise, adapts or prepares the explosive for the keeping of which he is licensed, for use, sale or otherwise: provided that he observes the following rules:—

- (1) There shall not be in the workshop in which such filling, adaptation or preparation is carried on more than 50 lbs. of gunpowder, or in lieu of such gunpowder or of a less amount thereof, not so present, half that amount of other explosive.
- (2) Any work unconnected with such filling, adaptation or preparation shall not be carried on in the said room or workshop while such filling, adaptation or preparation is being carried on.
- (3) The said room or workshop shall be detached from the magazine or place in which the licensee is licensed to possess the explosive and at a safe distance therefrom.
- (4) An explosive of one description shall not be converted into an explosive of another description, and shall not be unmade or resolved into its ingredients.

D.—GENERAL.

29. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

30. If a person licensed to manufacture, possess, or sell an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

31. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Applications for licenses or renewals of licenses shall, if not otherwise provided, be written on plain paper, the licenses themselves being issued on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals.

32. All licenses, except licenses to manufacture an explosive under rule 12, or to possess explosive of the 5th (fulminate) class under rule 21, shall expire on the 31st December of the year for which they are granted. Licenses granted under rules 12, 21 shall be current for the terms therein specified. But the currency of a license may, unless the circumstances have so changed that the grant of a new license would either not be authorized under the Act and rules, or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

33. When a license granted in accordance with these rules is lost, or accidentally destroyed, duplicate may be granted to the licensee on payment of a fee of 5 annas.

34. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate or by any Police Officer in charge of a police-station, or by any Police Officer of higher rank.

35. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Local Government.

36. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

37. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act may possess, without license under these rules, any such explosive in reasonable quantities for his own private use.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales, in such form as the Local Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a substantially constructed building exclusively appropriated for the purpose and detached from a dwelling-house, and situated at a safe distance from any highway, street, public thoroughfare or public place.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. An explosive shall not be sold to any child apparently under the age of 13 years.

7. The explosive possessed by the licensee shall be kept in such a building as is referred to in condition 4, or in a fire-proof safe outside a dwelling-house and detached therefrom, and at a safe distance from any highway, street, public thoroughfare, or public place, made and closed so as to prevent unauthorized persons having access thereto, and to secure it from danger from without:

Provided that a quantity not exceeding 50lbs of gunpowder, or in lieu of each pound of gunpowder not so kept 2lbs of explosive contained in ammunition of the 1st division of class 6, or an equivalent quantity of an explosive of the 7th (Firework) class, may be kept inside a dwelling-house, or in any building other than as last aforesaid, in a receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 2nd division of class 6 made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive, nor the fire-proof safe or receptacle, shall have any exposed iron or steel in the interior thereof.

10. All explosive exceeding 5lbs in amount of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, and all other explosive exceeding 1lb in amount, shall be kept in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost receptacle containing such explosive shall have affixed the name of the explosive in conspicuous characters by means of a brand or securely attached label or other mark.

11. Each description of explosive, which may be kept under this licence, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

12.* The license-holder shall affix to his shop or place of business a signboard as required by rule 11 of the rules framed under the Indian Arms Act, 1878, and shall post up in his shop a copy of section 28 of that Act.

13.* The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form VIII or IX of the forms prescribed under the Indian Arms Act, 1878, the following particulars:—

- (a) the name and address of the person who takes delivery of the articles sold;
- (b) the nature and amount of articles sold;
- (c) the date of sale;

and shall append his signature to the endorsement.

* These conditions are to be added only when the authority granting this licence directs, by an order written thereon, that this licence shall have the effect of a like licence granted under the Indian Arms Act, 1878.

Situation, character, and construction of the buildings and works connected with the magazine.	Description of explosive to be possessed.	Amount of explosive to be possessed at the same time in the magazine and within the boundaries of the site thereof.	Date on which license expires.

(Signature)

_____ District. }
 _____ 188 . } of _____

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.
2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.
3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools or implements for, work connected with the keeping of such explosive or explosives.
4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.
5. The magazine shall have attached thereto a sufficient lightning conductor.
6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.
7. Except after such cleaning, all tools and implements used in, or in any repairs to, any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.
8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.
9. No person shall smoke in any part of the magazine.
10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown-up person.
11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications:—

(a) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuzes belonging to the 1st division of class 8 (ammunition), and such of the various explosives of the 2nd division

- of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.
- (b) The various explosives of the 1st division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (c) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.
- (d) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.
- (e) The various explosives of class 7 (firework) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorised persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 9th August 1887.—It is hereby notified for general information that the next Half-yearly Departmental Examination of Assistants and Deputy Magistrates in the Regulation and Non-Regulation Districts, and of officers in the Police, Jails, Medical, Forest, and Opium Departments, will be held on Monday, the 7th November 1887, and following days.

J. WARE EDGAR,

Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

The 8th August 1887.—Under the provisions of section 108 of the Bengal Tenancy Act VIII of 1886, the Lieutenant-Governor is pleased to appoint the Subordinate Judge of Dinagore to be the Special Judge for the purpose of hearing appeals from the decisions of the Revenue Officers employed in conducting the survey and record of rights in the Sunkarpore and Chocramon wards' estates in the district of Dinagore.

W. C. MACPHERSON,

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 4th August 1887.—The following arrangements for weather signals for the approaches to the Port of Calcutta, and for the port itself, have been sanctioned by the Lieutenant-Governor, and are published for general information, in supersession of those published in the notification, dated the 5th August 1882, at pages 678-80 of the *Calcutta Gazette* of the 9th August 1882:—

Weather Signals for the approaches to the Port of Calcutta, and for the Port of Calcutta.

1. When a severe cyclonic storm (probably accompanied by a storm-wave) is believed to be advancing to the Bengal coast and across Bengal, one or other of the following signals will be hoisted at the flagstaff near the Light-house in Saugor Island, at the flagstaff near the telegraph office, Mud Point, and at the flagstaff near the telegraph office, Diamond Harbour, and also at the following positions in the Port, viz, the flagstaff upon the Port Commissioners' office, on a flagstaff at Shalimar Point, Seebpore, opposite the Government Dockyard, Kidderpore, and on a flagstaff at the telegraph office, Budge-Budge, on receipt of instructions telegraphed by the Meteorological Reporter to the Government of Bengal:—

Day signal No. 1, bad weather preparatory signal.

A ball indicates the existence of a cyclonic storm of undetermined intensity and magnitude in the Bay of Bengal, which will either certainly cross the coast to the south of a line between Chittagong and False Point, or which may approach the Bengal coast, but is as yet too far distant to enable its line of advance to be determined.

Day signal No. 2, danger signal.

A cone indicates the early probable passage northward, to the eastward of Saugor Island and west of Chittagong, of the vortex of a cyclonic storm of great intensity and magnitude. It is advisable that sailing vessels, with or without steam, and deep-laden or slow steaming steam-vessels, should not proceed to sea, but remain in the river till the storm has reached the coast and passed inland. The wind at the mouth of the Hooghly will probably haul from north-east through north to north-west, &c.

Day signal No. 3, danger signal.

An inverted cone indicates the early probable passage northward, to the west of Saugor Island and north of False Point, of the vortex of a cyclonic storm of great intensity and magnitude. No vessels should go to sea, and masters and pilots of vessels outward-bound should be guided by the appearance of the weather and height of the barometer in deciding whether it is advisable to proceed below Diamond Harbour or Mud Point. The wind at the mouth of the Hooghly will probably veer from north-east through east to south-east, &c.

Day signal No. 4, great danger signal.

A drum indicates the approach of a cyclonic storm of great intensity and magnitude to the mouth of the Hooghly, and which will probably advance to Calcutta. Masters and pilots in charge of vessels are cautioned not to put to sea from Saugor Island, or to proceed down from Diamond Harbour, and they should make their vessels as snug and secure as possible. The Masters of vessels in the port should take the special precautions for safety laid down in the Port Rules.

There will probably be a storm-wave, but it should be carefully remembered that its height and destructive effect will depend quite as much upon the state and character of the tide when the cyclonic centre reaches the coast, as upon the depression at the centre, or the intensity and extent of the storm.

2. When a small cyclonic storm (usually not accompanied by a storm-wave) is believed to have formed in the Bay, and to be advancing towards the coast, one or other of the following

signals will be hoisted, for the information of pilots and mariners, at the staff near the light-house at Saugor Island, at the flagstaff at Mud Point, and at the flagstaff near the telegraph office, Diamond Harbour, and also at the following stations in the Port, viz., on a flagstaff upon the Port Commissioners' Office, on a flagstaff at Shalimar Point, Serbpore, and on a flagstaff at the telegraph office, Budge-Budge, on the receipt of instructions telegraphed from the Meteorological Office, Calcutta, by the Meteorological Reporter to the Government of Bengal:—

Day signal No. 5, bad weather signal.

Two cones, the upper one inverted, indicate the existence of a cyclonic storm of small extent in the Bay of Bengal, which will probably reach and cross the coast of the Bay south of a line joining Chittagong and False Point.

Day signal No. 6, warning signal.

Two cones, the lower one inverted, indicate the existence of a cyclonic storm of small extent, which will probably or certainly reach and cross the coast of the Bay north of a line joining Chittagong and False Point, but the probable path of the vortex of which cannot be determined more exactly from the land observations.

Day signal No. 7, warning signal.

A ball below a cone indicates the probable passage northwards, to the east of Saugor Island and west of Chittagong, of a cyclonic storm of small extent and intensity, of the kind which usually forms in the rainy season. Vessels may proceed to sea if the height of the barometer, state of the sea and weather are such as to lead masters and pilots to infer that there is no danger. The wind at the mouth of the Hooghly will probably haul from north-east through north to north-west &c.

Day signal No. 8, warning signal.

A ball below an inverted cone indicates the probable passage northwards, to the west of Saugor Island and north of False Point, of a cyclonic storm of small extent and intensity of the kind which usually forms in the rainy season. The wind at the mouth of the Hooghly will probably veer from north-east through east to south-east, &c. As these easterly winds will raise a heavy swell and produce a strong westerly set in the channel at the Sandheads, it is advisable that none but fast steamers in light trim should put to sea, and those only if the weather appearances and state of the sea, &c., are not too unfavourable.

Day signal No. 9, danger signal.

A ball below a drum indicates the approach towards Saugor roads of a cyclonic vortex of small extent, of the kind which forms during the rainy season. It is advisable that no vessels except fast steamers in light trim should put to sea until the wind direction and force, the state of weather and sea, and the rise of the barometer, indicate that the storm has either broken up or passed inland. Cyclonic storms in the Bay of Bengal of small extent, it should be remembered, sometimes blow with hurricane force and raise a high sea near their centres.

5. The following storm warning signals will be hoisted during the prevalence of cyclonic storms in the Bay of Bengal at the signalling stations on the Hooghly previously mentioned, viz., Saugor Island, Mud Point, and Diamond Harbour, and at the following signalling stations in the Port:—viz., on a flagstaff upon the Port Commissioners' Office, on a flagstaff at

Shalimar Point, Seebpore, and on a flagstaff at the telegraph office, Budge-Budge, between sunset and sunrise :—

Night signal No. 10, warning or caution signal.

Three lights exhibited on the flagstaff at equal distances indicate the existence of a cyclonic storm in the north of the Bay.

Night signal No. 11, danger signal.

Two lights, in a vertical line, indicate the early approach of a cyclonic storm to the Bengal coast, or to the Port of Calcutta if the signal is hoisted in the Port.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 4th August 1887.—The following arrangements for weather signals have been sanctioned for the Ports of Orissa, viz., Pooree, False Point, Balasore, and Chundbally by the Lieutenant-Governor and are published for general information :—

Signals for the Orissa Ports.—Storm signals will be hoisted at the ports named above by the Port Officers on the receipt of instructions from the Bengal Meteorological Office, Calcutta, to give notice to the shipping and the general public at these ports of the approach of a cyclone (which may or may not, according to the state of the tides and other conditions, be accompanied by a destructive storm-wave). The signals for the Port of Pooree will be hoisted at the flagstaff on the beach; for the Port of False Point at the flagstaff at Hookeytollah; for the Port of Balasore at the flagstaff near the Custom House; and for the Port of Chundbally at the flagstaff near the Custom House.

The following are the signals which will be used at the Orissa Ports, and are identical with those in use at the Burmah and Madras Ports :—

1. *Day warning signal.*

2. *Day danger signal.*

3. *Night warning signal.*

A *ball* indicates that a cyclone has formed in the centre or north of the Bay, and that it is advancing in some direction between north and west, and will probably strike and cross the coast of Orissa.

A *drum* indicates that a cyclone is in the immediate neighbourhood of the coast of Orissa, and will shortly cross that coast. (It may or may not be accompanied by a destructive storm-wave. The height of the storm-wave depends partly upon the extent of the cyclone, the barometric depression at the centre, and the state of the tides at the time when the cyclone reaches the coast.)

Three lights in a vertical line indicate that a cyclone has formed in the centre and north of the Bay, and that it is advancing in some direction between north and west, and will probably strike and cross the coast of Orissa.

4. Night danger signal.

Two lights in a vertical line indicate that a cyclone is in the immediate neighbourhood of the coast of Orissa, and will shortly cross that coast. (It may or may not be accompanied by a destructive storm-wave.)

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 4th August 1887.—The following arrangements for weather signals for the Port of Chittagong have been sanctioned by the Lieutenant-Governor, and are published for general information:—

Signals for the Port of Chittagong.—The following storm signals will be used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a cyclone with its attendant storm-wave. They will be hoisted on the flagstaff at the sudder ghât and on the yardarm of the flagstaff at Jooldia on the receipt of instructions from the Meteorological Office:—

1. Day warning signal.

A ball indicates that a cyclone, of which the centre is in the north-east of the Bay, is advancing towards the mouth of the river Karnafuli, and will probably advance towards Chittagong.

2. Day danger signal.

A drum indicates that a cyclone, which may or may not be accompanied by a destructive storm-wave, is approaching Chittagong. (It should be remembered that the force and destructive effect of a storm-wave will depend very considerably upon the state of the tides at the time when the storm centre strikes the Chittagong coast.)

3. Night warning signal.

Three lights in a vertical line indicate that a cyclone, of which the centre is in the north-east angle of the Bay, is advancing towards the mouth of the river, and will probably advance towards Chittagong.

4. Night danger signal.

Two lights in a vertical line indicate the early approach of a cyclonic storm to the Port of Chittagong.

CEYLON ISLAND.

SOUTH COAST.

Breaking adrift of the Gindurah and Whale Rocks buoys.

INFORMATION has been received from the Master Attendant, Point-de-Galle, that the buoys marking the Gindurah and Whale rocks have broken from their moorings.

Note.—All vessels making for Point-de-Galle harbour from the westward and northward should bring the light-house on an E. by N. bearing, and thereby pass nearly two miles south of the Gindurah rock, and also clear of the Whale rock; southward of this bearing all is clear.

Vessels requiring a pilot should heave to with the light-house bearing from N. E. to N. N. E., distant about one mile.

RED SEA—EAST SHORE.

Reported sunken rock, Northward of Jebel Zukur island.

With reference to Notice to Mariners, No. 41, dated the 25th June 1887, information has been received from the Admiralty, London, that, pending further examination, Mariners

are warned to pass to the westward of a line joining Centre Peak island, Zehayir islands, and High island, Jebel Zukur.

Note.—An examination, made in April 1887, by H. M. Surveying vessel *Flying Fish*, of the vicinity of the rock reported by the *Avocet*, failed to show any sign of shoal water. The position of the rock the *Teddington* is reported to have struck falls at the outer limit of the area of this examination.

PERIM HARBOUR ENTRANCE.

Alteration in Buoyage.

With reference to Notice to Mariners, No. 26, of the 25th May 1887, further particulars have been received from the Admiralty, London, that the following alterations have been made in the character of the buoys in Perim harbour entrance:—

1. Pirie Point buoy (port hand on entering) has been replaced by a buoy lighted by gas; the light is a *fixed white* light. This light-buoy, conical in shape, and painted lower part red, upper part white, lies with Pirie Point light, bearing N. 51° W., distant $\frac{1}{10}$ the of a cable.

2. Lee Point buoy (starboard hand on entering) has been replaced by a buoy lighted by gas; the light is a *fixed white* light. This light-buoy, in shape a *truncated cone*, is painted lower part red, upper part white, and lies with Pirie Point bearing N. 60° W., distant nearly $4\frac{1}{10}$ the cables.

The bearings are magnetic. Variation $4\frac{1}{2}^{\circ}$ westerly in 1887.

GULF OF ADEN.

GULF OF TEJUREH—NORTH SHORE.

PORT OF OBOEH.

Particulars of lights.

With reference to Notice to Mariners, No. 27, of the 10th May 1886, on the intended exhibition of a red light at Obokh, North shore of gulf of Tejureh, the Admiralty, London, has given further information that the light is exhibited:—

1. The light is a *fixed red* light elevated 174 feet above the sea, and should be visible in clear weather from a distance of about 10 miles. The light-house, 34 feet high, con-

structed of iron, on a base of masonry 8 feet in height, is painted *white*, with *red stripes* on its South side. It is situated with Single tree bearing S. 56° E., distant 8½ cables, and South island beacon S. 1° W.

Position, latitude 11° 58' 30"N.; longitude 43° 16' 50"E.

2. Also, that a *fixed red* light would be exhibited, about 15th May 1887, from a tower, 39 feet high, situated in the centre of the Penitentiary enclosure (formerly factory) with the following bearing and distance:—

South island beacon ... S. 7° W.; distant 11½ cables.

Note.—This light, in line with the principal light abovementioned (distant about 780 yards), bearing N. 17° W., leads into South port entrance.

3. Also, that a light will be exhibited from a light-house erected about 110 yards N. 16° W. from cape Obokh.

The light will be a *fixed green* light, elevated 64 feet above high-water, showing *red* through a sector of 14°, or from the bearings of N. 30° W. to N. 75° W. The light-house, 34 feet high, is an iron column, painted in alternate *white* and *black bands*.

The bearings are magnetic. Variation 4½° westerly in 1887.
